㉠English is a language what is important, useful and helpful these days. (가)Every citizen in today's world hopes to be good at English. Here are some tips which may help you to master the English Language!

First, speak without feat. ㉢The biggest problem most people face in learning new languages are their own fear. They worry that they won't say things correctly or that they will look stupid so they don't talk at all. Don't do this. (나)If you don't know English, you will be of no help to them. The fastest way to learn anything is to do it - again and again until you get it right. Like anything, learning English requires practice.

Second, surround yourself with English. The absolute best way to learn English is to surround yourself with it. Take notes in English, put English books around your room, listen to English language radio broadcasts, and watch English news, movies, and television. (다)Speak English with your friends whenever you can. The more English material you have around you, ㉣the faster you will learn and the much likely it is that you will begin "thinking in English."

Third, watch English films and television. This is not only a fun way to learn but it is also very effective. By watching English films (especially those with English subtitles), (라)you can expand your vocabulary and hear the flow of speech from the actors. ㉤When you listen to the news, you can also hear different accents.

Last, do exercises and take tests. If you never test yourself, you will never know how much you are progressing. Start now by doing some of the many exercises and tests on this site, (마)and return in a few days to see what you've learned. ㉥Keeping doing this and you really will make some progress in English.

33) 다음 중 위 글을 읽고 알 수 없는 내용만을 골라 빠르게 묶은 것은?

- (a) Every citizen wants to be good at English because it is the second most spoken language after Chinese.
- (b) Most language learners worry that they will

look stupid and say something incorrect using the language which they are learning.

(c) If you use English whenever you can, you will learn English faster, and you will even begin thinking in English.

(d) Watching English films with no subtitles is helpful for English learners to study English words.

(e) Keeping doing exercises and tests is important because you don't know how much progress you've made unless you test yourself.

(f) Being positive and open minded is the key to success when you learn a new language.
